Old Business:

2008 Weed Control Program

Steve & Tom both reported that the lake was looking really good this year. No weed control treatment has been needed this year and no harvesting will be necessary either. There is some curlyleaf pondweed, but only minimal.

New Business

Letter from Larry & Frances Hills

The Hills were not present at the meeting. The property owned by Hills (59-020-350-006-00) is lake front and has already been given a reduced benefit factor as if it were a back lot. The land still has some value even if not buildable. No action was taken by the board.

There being no further business to come before the Lake Board, a motion was made by Don and seconded by Tom to adjourn the meeting at 4:15 P.M.
